

Yellowstone Trail Community Garden

Join us for the 2018 growing season!

The Community Garden is located at Yellowstone Trail Park on Austin Drive, near the intersection of Bombing Range Road and West Van Giesen Street.

There are 42 raised garden plots available to rent for the 2018 growing season on a first-come, first-serve basis. Handicap accessible plots are available upon request. The cost is \$10 per plot for the entire season.

The City will provide water and garden hoses, but gardeners are responsible for all tools, tending their garden(s), and year-end clean-up.

Apply beginning January 2, 2018 for up to three plots - the garden fills up quickly! Apply early to secure your spot.
